PROFESSIONAL SUMMARY

IT graduate with experience as an Application Analyst and nearly 2 years of experience working in Japan as a caregiver. Skilled in troubleshooting, analysis, communication, and adapting to fast-paced environments. Currently transitioning back to the IT field with a focus on software development.

Work Experience

Caregiver | Japan | Medical Corporation Minorikai | May 2024 - March 2026

- Monitored patient vital signs and recorded health information accurately.
- Maintained daily documentation and ensured proper handling of patient records.
- Developed strong attention to detail, communication skills, and ability to adapt in a structured, multicultural environment.

Application Analyst | Eclaro Business Solutions, Inc. | August 2022 - December 2022

- Identified and analyzed application issues, determining whether they were recurring or isolated through systematic troubleshooting
- Performed root cause analysis and developed logical solutions to resolve technical and application-related problems.
- Collaborated with cross-functional teams (EDI, configuration consultants, account managers) and communicated findings and resolutions to clients and internal teams.

Projects

To-Do List Web Application

- Developed a responsive task management application using HTML, CSS, and JavaScript.
- Implemented add, delete, and mark-as-complete functionality using DOM manipulation.
- Used local storage to persist tasks across browser sessions.

Rock Paper Scissors

- Developed an interactive browser-based game using JavaScript logic and event handling.
- Implemented score tracking and dynamic UI updates based on user input.
- Strengthened understanding of functions, conditionals, and user interaction.

Technical Skills

- Programming Languages: HTML5, CSS, JavaScript, React, Java
- IDE: Visual Studio Code, Sublime Text, IntelliJ IDEA CE
- Tools: Git, Git Basics, GitHub, Git Merge, Gitea (Zuitt Git), Visual Control,, Visual Control System, Trello
- Methodologies: Software Development Life Cycle (SDLC)

Education

Colegio De San Gabriel Arcangel

Bachelor of Science in Information Technology | 2018 -2022
